## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 103***

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-5, 7, 15-18 and 26-28 remain rejected under 35 U.S.C. 103(a) as being unpatentable over Baker et al., US 5,545,340 for the reasons of record in a previous office action.

### ***Allowable Subject Matter***

3. Claims 29 and 30 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Reasons are of record in a previous office action.

### ***Response to Arguments***

4. Applicant's arguments filed August 12, 2003 have been fully considered but they are not persuasive. Applicant argues that compositions according to the invention cannot be made clear as claimed, by following the teachings of the reference. This is not persuasive because applicant has claimed clear or translucent compositions. Furthermore, liquid compositions according to the invention may be dispersions containing as little as 5% dispersed solids with a particle size as small as 200

nanometers. Applicant has not provided a specific definition of "clear" but such a composition, with said particles having a diameter smaller than the wavelength of visible light, would be clear or translucent by any reasonable measure. Compositions according to the reference do not inevitably have all of the characteristics recited by applicant, but where all of those limitations are taught, a prima facie case of obviousness exists.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
